Design, Innovation & Entrepreneurship

- Eco-design & Product Development
- Sustainable Innovations
- CleanTech Development & Green Entrepreneurs
- System Innovations & Sustainable Transition
- User-driven Innovation

Carbon Finance & Responsible Investment

- Clean Development Mechanism & Joint Implementation
- Micro-Credits & Bottom-Of-Pyramid
- Carbon Off-setting & Carbon Trust Funds
- Emission Trading Schemes
- Sustainability Indexes

Climate Cities & Regions

- Sustainable Mobility
- Renewable Energy & Climate Cities
- Energy+ Houses
- Industrial Symbiosis & Eco-Industrial Parks
- Agenda 21 & Local Climate Actions

Learning & Climate Change

- Teaching & Learning Climate Action
- Climate Awareness Raising Campaigns
- Curriculum Development on Climate & Sustainability
- Role of Educational Institutions in Climate Change
- Education for Sustainable Development

Two more steps.....

- Last newsletter – next week
- Publish papers as articles in journals
 - Journal of Cleaner Production (Don Huisingh)
 - International Journal of Energy Policy
 - Governance

Conference

The Greening of Industry Network

Sunday 13th - Wednesday 16th June 2010

Seoul, Korea

Climate Change and Green Growth :
Innovating for Sustainability

A faint, grey silhouette of several people sitting around a table, engaged in a meeting or discussion, is positioned behind the text at the bottom of the page.

Conference Themes

The background of the slide features a photograph of several wind turbines situated on a body of water. The turbines are silhouetted against a bright, hazy sky, and their reflections are visible in the calm water below. The overall color palette is muted, with greys, blues, and greens.

Call for session proposals and presentations will cover but not limited to the following themes :

Copenhagen & Post-Kyoto Protocol

Energy Crisis and Renewable Energy Industry

Eco-efficiency : Measurement and Improvement

Product & Financial Markets' Role

CSR and Sustainability Reporting

Green Building and Green IT

Material Flow Management

Cities and Local Gov'ts

Stakeholder Relationship Management
